

## Patient & Guest WiFi Instructions

### Western Health

#### Connecting to the Wifi

Please ensure WiFi is turned on within your smartphone, tablet, laptop or other WiFi enabled device. (Go to 'settings' and follow the prompts).

Choose WiFi network

**WH-Patient-WiFi**

The WiFi registration page should automatically display - if not, open your browser and go to

<https://wifi.hills.com.au/wh>

#### First Time Users

##### To log onto FREE WiFi

1. Click the "Create a New Account" button
2. Scroll down and click on the green "Free Service" button
3. Complete the registration form – ensure details are correct
5. Read and accept the terms and conditions of using the service
6. Click "Continue" button

You are now connected to the internet and have been granted internet access.

#### Registered Users

##### Login to FREE or PREMIUM WiFi

1. Click the "Login/Use Voucher" button
2. Enter your email address OR enter your Premium Access Code
3. Click the "Login" button. You are now connected to the internet. The landing page will display with useful links and information.
